PRODUCTS

FP-6

**Designed for the
Point-of-Sale!
Fits on the counter and
checkout areas where
space is limited.**

The **Fake Finder™ FP-6** by UVeritech is the smallest and most effective counterfeit detector available on the market. Each **Fake Finder™ FP-6** is suitable for mounting in multiple positions via screws or perma-grip adhesive strip that may attach to the top or the back of the housing as required. The durable lamp housing is stainless steel and features a specular reflector. A high output integrally filtered 8 Watt tube produces more than 6" of intense black light.

The **Fake Finder™ FP-6** may be used to detect counterfeit currency, credit cards, driver licenses, secure and chemically altered checks, cashier's checks, passports, visas, and many other important documents.

Fake Finder™ FP-6 Specifications:
